With the enormous market potential on Android ([News](#) - [Alert](#)) and the rapid development of information technology, [Wild](#)

[Jack Mobile Casino](#)

, a mobile casino since 2006, has

[launched](#)

its native blackjack application on the Android Market. Developed by micro-gaming partner Spin3 (

[News](#)

-

[Alert](#)

), this game offers Android device users the opportunity to play blackjack for real money, complete with sound effects, vivid graphics and vibrant animation.

Wild Jack Mobile Casino is dedicated to responsible gambling and takes its social responsibilities seriously. Wild Jack Mobile Casino utilizes Spin3's award-winning platform, and supports over 1,600 mobile handsets with its native Android, JAVA and Web applications, including the platform designed exclusively for the Apple iPhone ([News](#) - [Alert](#)), iPad and iPod Touch.

According to a [press release](#) , Wild Jack Mobile Casino's native blackjack application takes full advantage of the rich features available on Android-powered devices, offering razor-sharp graphics, touchscreen controls, and the ability to play horizontally or vertically. The blackjack game is available for any Android device running OS version 1.6 or higher. More than 1,600 mobile devices are compatible with Wild Jack Mobile Casino, which has paid out over \$1 million in its four-year history.

Mary Wise, Wild Jack Casino manager, said that this is a great achievement for Wild Jack Casino and with over a decade of experience in the online and mobile casino industry and the growing popularity of the Android mobile devices, this new native app offers casino players the opportunity to discover a quality gaming experience like none other.

Wild Jack Mobile Casino offers a welcome bonus including a 100 percent match bonus on a player's first deposit, and an ongoing 10 percent cash-back offer each month.
