Construction on a casino near Larchwood Iowa is moving so quickly, the opening date may come sooner than expected.

Construction on the Grand Falls Casino Resort started in the summer but things are coming together so fast, they've moved up the date of the resort's grand opening, from July to Memorial Day Weekend.

The casino will have 700 employees in all, and they've already started hiring.

Officials say the casino has hired their 10 director positions, which include managers for table games, surveillance, human resources and marketing.

The casino has also started hiring its middle management.
