The 100 employees were chosen by a random lottery. Live! Casino & Hotel has about 2,600 employees total.

The winners met at the Costco store in Hanover, Maryland, on June 27, and were given 15 minutes to shop, limited to what would fit in the carts — though some merchandise was excluded.

They managed to spend a total of \$336,000, or an average of almost \$3,400 per employee, in 15 minutes, all of which was paid for by the casino.

The first items to sell out were lump crab meat, steaks, vacuums and other small appliances, Kitchen Aid mixers, pots and pans, and pricey skin-care items. One employee said he got everything he needed for his new apartment — it was his first time living on his own.

One employee purchased a kitchen sink. Another bought Pokemon cards as a “future investment.”
